*Please use caution when
you slow or stop to view
the quilt blocks.*

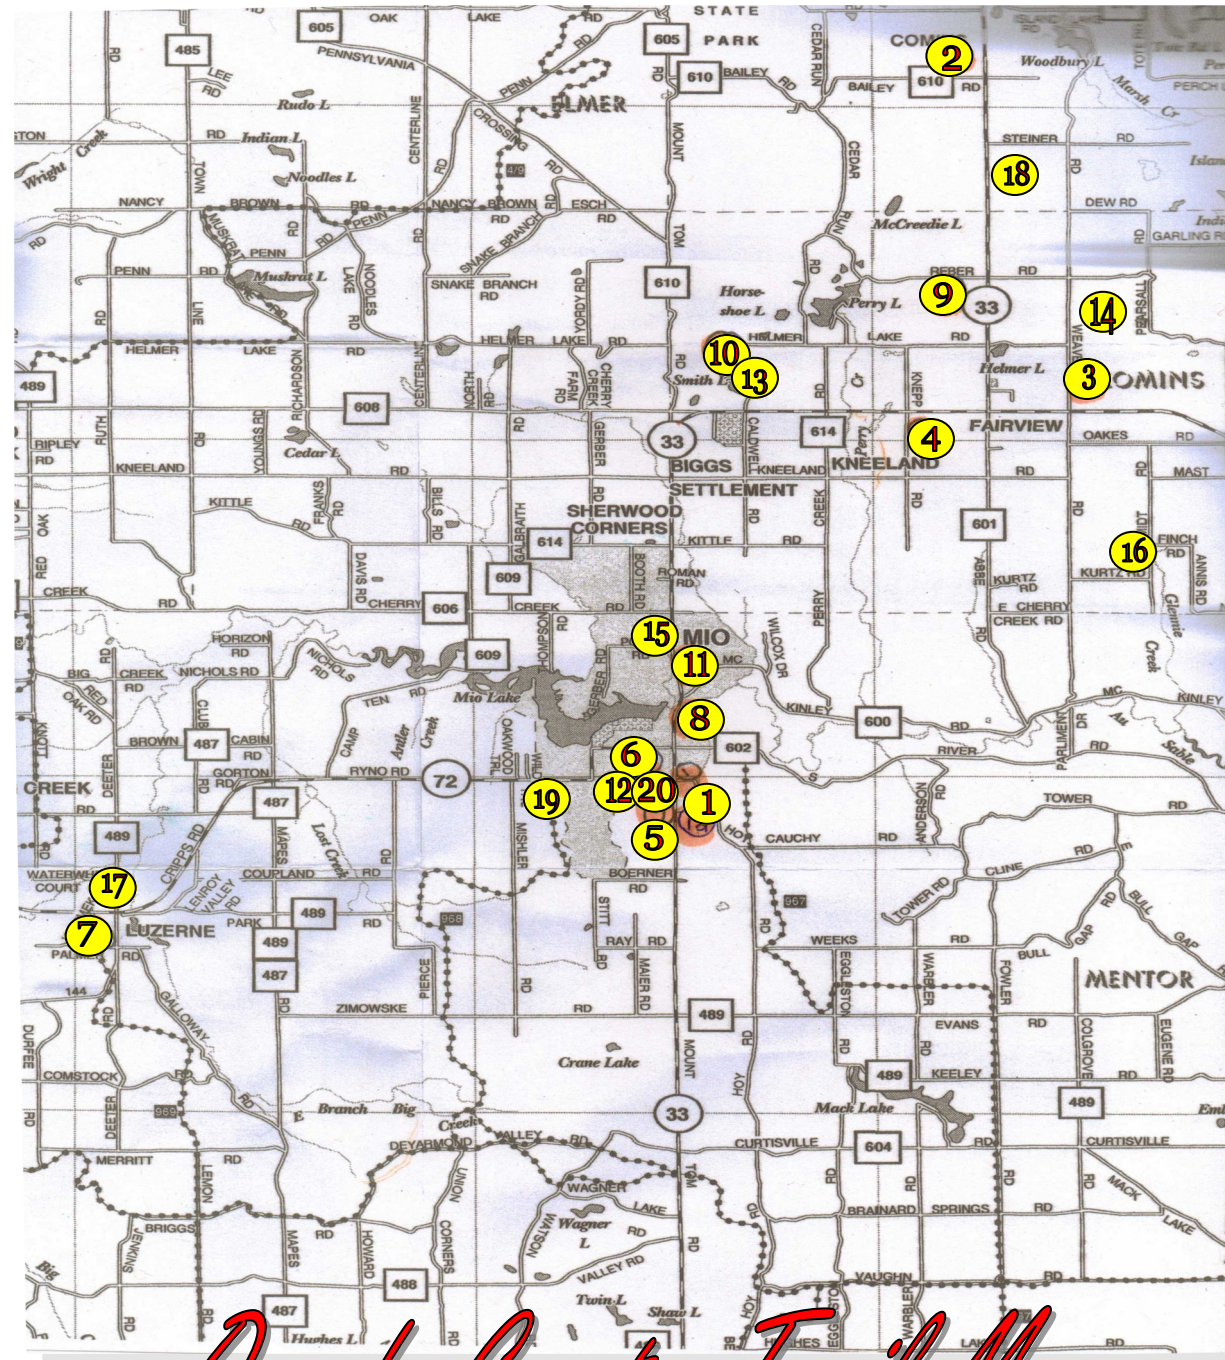

Timberland Quilt Trail was started in early 2012. These blocks are just the beginning of the Timberland Quilt Trail. We will be adding more blocks each year and our goal is to have at least 60 blocks on our trail. We hope you enjoy your time with us!

Many of the quilt blocks are located on private property and are marked as such. These blocks should be viewed from the adjacent public road.

You are more than welcome to investigate the quilt block businesses that are open to the public.

We are indebted to the quilt block hosts for their generosity!

We're proud to be part of the
Quilt Trails of Michigan!
